
ANNOUNCEMENT TO THE ASX – 5 April 2022

Inventis Limited [ASX: IVT] Inventis Technology Pty Ltd

Update on US Patent Lodgement

In accordance with Listing Rule 3.1, the Company is pleased to announce that Inventis Technology Pty Ltd has received formal notification today from the United States Department of Commerce, United States Patent and Trademark Office, of the issue of a US Patent number 11,295,595 for our Emergency Alert System- "Hazavoid™".

USA Distributor

We also pleased to confirm that Hazavoid has been onboarded on a world-wide basis with a major US multinational Company, Anixter, which is a subsidiary of the multi -billion-dollar Wesco group.

Major integrators in the USA, UK, Singapore, Philippines, South America, and Europe now have access to Hazavoid through the Anixter distribution relationship.

Update on new Software Distribution Agreement

Additionally, we are also pleased to advise that our Inventis Technology, which includes Opentec, has been awarded a 2-year Distribution Agreement from Hirttenberger Defence Technology NZ for its *FOCUS Field Operations Control and Utility System* software in Australia and the Philippines.

Strong interest in FOCUS and related Opentec hardware has already been received by our agent in the Philippines.
