There were no dividends paid, recommended or declared during the current financial period.

3. Net tangible assets

	Reporting period Cents	Previous period Cents
Net tangible assets per ordinary security	(0.12)	(0.09)

Other information

4. Control gained over entities having material effect

Not Applicable.

5. Loss of control over entities having material effect

Not Applicable.

6. Dividend or distribution reinvestment plans

During and since the year ended 30 June 2024 there has not been any dividend or distribution reinvestment plan in operation.

7. Associates and joint venture entities

The Group has 49% interest owned associate Winya Indigenous Office Furniture Pty Limited.

8. Information supporting the disclosure requirements of the Appendix 4E and commentary on results

Operating results and review of operations for the year

The Company's Statutory Revenue to 30 June 2024 is \$13.63Million down 15.82% from the same 2023 period last year.

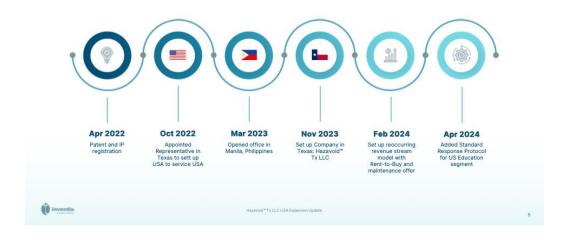

In December 2023, the Company's chairman Dr Tony Noun elected not to stand for re-election at the Company AGM. Mr Peter Bobbin was elected as Chairman and Mr Michael Stafford as a Non-Executive Director.

Tony's contribution has been significant to the Company and well noted. We wish Tony and his family the very best in the future and recognise his significant past efforts for the board and as a past Managing Director along with his passion for Inventis and our staff.

The Group's Technology Division was a standout this year continuing with growth of 10% up on the prior year and normalised EBITDA (before MGT fees) up on same period by 28.11%.

The Company began operations in the USA with Hazavoid ™, a US patented technology with significant growth opportunity in the global mass notification market. Including the prior system known as WILAS™, the Technology Division has sold near 3,500 units since 2017 and has already sold 24 Hazavoid™ units directly into the USA. The USA features as an important focus right now and the expansion investment has been a major source of fund usage in the recent past

History and Key Milestones

The current Managing Director, Anthony Mankarios and the management team undertook a strategic global technology growth strategy into the USA and the Philippines, which is only just now starting to show signs of strong progress.

The Company is currently seeking to undertake an initial seed capital raise in the USA Hazavoid Tx LLC to support US plans.

We have also reviewed our staffing and implemented change management in certain areas of our business. These one-off costs as well as the investment in the USA and Philippines growth impacted our cashflow and results with one-off non-recurring costs. (see details in the table below)

STATUTORY REVENUE RECENT HISTORY INVENTIS LIMITED

Divisional Adjusted Figure (unaudited)

	Furniture Division 2024	Technology Division 2024	Corporate 2024	Abnormal Expenditure 2024	Total 2024
Total Revenue	6,326,157	7,301,464	-		13,627,621
Total Gross Profit	2,992,944	3,681,352	(25)		6,674,271
Other Income	9,312	320,221	13,140		342,673
OPEX	(2,741,874)	(1,762,425)	(1,983,430)	(1,056,294)	(7,544,024)
Winya Contribution (49%)	74,062		-	-	74,062
EBITDA	334,444	2,239,148	(1,970,315)	(1,056,294)	(453,018)

The Company's closing cash balance stood at \$96K down \$946.7K on the same period the previous year. We also paid the full final tranche payment for the acquisition of Electronic Circuit Designs Pty Ltd (ECD) during this reporting period of \$434K. The Company raised \$950K as part of an approved Convertible Notes Issue in February 2024. The current Chair and MD took part in this raise.

The Company utilised finance facilities totalling \$8.24 million to 30 June 2024, and unused facilities of \$7.1 million during the period.

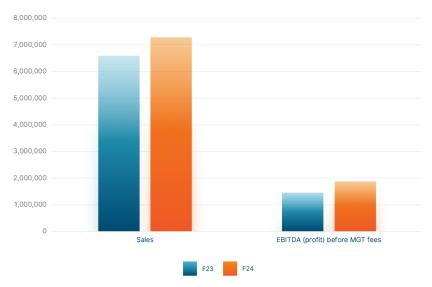

The Company reported a loss of \$3.42 million to 30 June 2024 compared to a loss of \$1.94M in F23 and a profit of \$0.07Million in F22. Whilst disappointing, the Company decided to invest in USA and Philippines expansion and a raft of initiatives to further improve the Group moving forward, these expenses were taken up in the results. The results include one-off non-cash items resulting from Stock impairment and Impairment of Goodwill for Workstations of \$321K

The Company is budgeting for improved sales revenue in the new calendar year F25 backed by an order book in hand.

The net results are also budgeted to improve for the YE F25 period based on initiatives taking place locally and abroad.

Technology Performance (unaudited)

	FY24	FY23	Variance (%)
Revenue	\$7,301,464	\$6,655,189	10%
EBITDA before MGT fees	\$1,756,071	\$1,486,374	18%
Normalized EBITDA (taking on of costs)	\$2,239,148	\$1,747,866	28%

Hazavoid™ USA

The US-based business Hazavoid Tx LLC has commenced trading in the USA with recent deliverables to new customer sites in the mid-west. We have listened to the market and have upgraded the Hazavoid™ module to support the K-12 Standard Response Protocol notification messages recognised in over 130,000 schools nationally.

New Distribution Agreements are being developed in the Mid-West and Eastern Seaboard regions and additional regional agreements are currently being sourced. These opportunities are expected to improve the USA revenue over the next 12-24 months. We have formulated a financial model for the USA to take Hazavoid into the lower USA states in the next 4 years.

Legal work for the Hazavoid Tx LLC's "Lease to Buy" subscription model has been completed and we are finalising our relationship with a US based financier to provide funding (subject to customer credit approvals) for this roll-out.

Closer to home, the Western Sydney Airport's new custom Hazavoid™ Storm Alert System is being delivered in September 2024, we passed the factory acceptance test required by prime contractors Multiplex and Honeywell. This may open up a new mass notification opportunity in the broader aviation market.

Hazavoid is developing a range of qualified pipeline opportunities in the Philippines, with the provincial Disaster Risk Reduction Management Summit as well as initial plans for the upcoming new Manila International Airport. We are also continuing to work with our partner Varley Group to develop new longer-term opportunities of over \$85M in the Philippines for various ranges of emergency vehicles and command vehicles with our Impart brand.

Electronic Circuit Designs

As the premier supplier of electronic control systems to the elevator lift business in Australia, we are in the process of finalising new technical IP which has been under development over the last 3 months. The new "Plug and Play" circuit boards and controllers will shortly be tested against the highly rated EN81 Standards which relate to Global Safety Standards for the industry. Accreditation to this standard is expected to create additional revenue prospects.

We continue to open offshore opportunities in both the US and Southeast Asian market with early indications being positive from Australian and International clients located in the US, Philippines, and Malaysia.

Opentec Solutions "Australian owned rugged computer systems"

Opentec recently secured a new order in excess of A\$6.86M million, with stage 1 in June 2024 with the remaining A\$5.7M scheduled for delivery in Q3 of the 2025 Financial Year.

In partnership with our overseas OEM, Opentec have helped develop and recently presented a prototype solution for a section of the Australian Government which relates to improvements to existing Australian Standards for IT hardware and their applications. We are working closely with the relevant government technical working group relating to improvements to existing government requirements. To date, we have received positive feedback regarding this unique "world- first" solution and discussions continue.

We are currently working toward Australian Government Grants relating to this project and we have lodged Export Grant applications for future international growth with a focus on Technology.

Furniture Division

The Company's Furniture Division made up of Gregory, Bassett and Workstation incurred reduced sales due to the much-publicised building industry collapse and general economy malaise and project delays resulting in losses in F24. The business strategy underwent review and a significant restructure. This has affected the overall net statutory results.

Both the Furniture and Technology divisions vacated its Eastern Creek premises in early 2024. The Furniture team moved to Arndell Park in Western Sydney and the Technology team to Matraville. Moving costs and staff allocation costs were \$518.6K overall in F24 with the benefits coming through in F25 and F26.

The (non-grouped) 49% investment in Winya Indigenous Office Furniture Pty Ltd which stands at \$99K in Q4, is expected to make a positive contribution in F24 with a normalised EBITDA of \$1.53M (taking out one-off annual change management costs and inventory treatment of \$643K) on sales of \$13.23 Million. The past focus for Winya was on building a National Australian footprint. The focus has now shifted to delivering future maintainable profits.

Capital Management

The Company is currently exploring and implementing plans with several serious opportunities to raise cash from a number of initiatives to help pay down debt and grow.

The Company has received a post money valuation of circa \$12.5M (Acquisition Hub) accompanying our strategy to raise funds in the USA by independent business appraisals and valuers for some of its assets in particular for Hazavoid Tx LLC as part of the planned seed capital raise. This is not reflected at valuation in the IVT consolidated Company's net assets on the balance sheet. We also received external appraisals on our investment in Winya for multiple millions of dollars that is not currently reflected in our recorded investment of \$99K.

Subsequent events

No matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

9. Status of audit

The financial statements are in the process of being audited and an unqualified audit opinion is expected to be issued.

Peter Bobbin

Notes to the Financial Statements

For the Year Ended 30 June 2024

The preliminary final report covers Inventis Limited (the Company) and its controlled entities (the Group). Inventis Limited is a for-profit Company limited by shares, incorporated and domiciled in Australia. The current address of the Company's registered office is 7 Holbeche Road Arndell Park NSW 2148.

The principal activities of the Company for the year ended 30 June 2024 were the manufacture and sale of commercial furniture, electronic controllers and computers.

Each of the entities within the Group prepare their financial statements based on the currency of the primary economic environment in which the entity operates (functional currency). The preliminary final report is presented in Australian dollars which is the parent entity's functional and presentation currency.

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of Preparation

The preliminary final report has been prepared in accordance with the Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*.

The preliminary final report should also be read in conjunction with any public announcements made by IVT during the year in accordance with the continuous disclosure requirements under the *Corporations Act 2001* and ASX Listing Rules.

2 Operating Segments

Segment information

Identification of reportable segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (Chief Operating Decision Maker) in assessing performance and determining the allocation of resources.

The Group is managed primarily on the basis of product category and service offerings as the diversification of the Group's operations inherently have notably different risk profiles and performance assessment criteria. Operating segments are therefore determined on the same basis.

Types of products and services by reportable segment

The Group comprises the following main business segments:

(i) Furniture Division

The design, manufacture and sale of a range of commercial furniture, which includes office chairs, tables, lounges, and workstations.

(ii) Technology Division

The design and manufacture of custom control and market ready electronic systems, mobile computing solutions and emergency vehicle control systems.

A corporate head office function provides the Group with finance, human resources and IT services; however, this corporate function does not satisfy the requirements for disclosure as a reportable segment.

Notes to the Financial Statements

For the Year Ended 30 June 2024

2 Operating Segments (continued)

Geographical information

The Group predominantly operates in one geographical area (Australia).

In presenting information on the basis of geographical segments, segment revenue is based on the geographical location of customers whereas segment assets are based on the location of the assets.

		2024		2023	
		Revenue	Non-current assets	Revenue	Non-current assets
	Australia	13,627,621	8,806,651	16,187,950	9,779,035
3	Issued Capital			2024	2023
				\$	\$
	75,924,387 (2023: 70,924,387) Ordinary shares			39,446,554	39,146,557
	Share issue costs		_	(1,460,347)	(1,447,974)
	Total		=	37,986,207	37,698,583
(a)	Ordinary shares				
				No.	\$
	At the beginning of the reporting period			70,924,387	37,698,583
	Issue of shares, net of transaction costs			5,000,000	287,624
	At the end of the reporting period		_	75,924,387	37,986,207

The holders of ordinary shares are entitled to participate in dividends and the proceeds on winding up of the Company. On a show of hands at meetings of the Company, each holder of ordinary shares has one vote in person or by proxy, and upon a poll each share is entitled to one vote.

The Company does not have authorised capital or par value in respect of its shares.

(b) Capital management

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Group defines as the result from operating activities divided by total shareholders' equity.

There were no changes in the Group's approach to capital management during the year.

Neither the Company nor the Group are subject to externally imposed capital requirements.
